Product Description

HuntVe Switchback Crew Hybrid-Electric 4x4 Utility Vehicle

Here is the ultimate way to enjoy the outdoors. Seating for four and room for cargo too – there is no compromise with the clean, silent, scentless power of the Switchback 4x4 Crew. And when your batteries run low, start the exclusive range extending 460cc gas run quiet generator with the touch of a button.

This HuntVe breathes the outdoors. Its smooth and powerful performance sets the standard for premium off road electric UTVs.
